# Acceptable Use Policy

## Aim

The aim of this Internet Acceptable Use Policy (AUP) is to ensure that pupils will benefit from the learning opportunities offered by the school's internet resources in a safe and effective manner.

Internet use and access is considered a school resource and privilege. If the school AUP is not adhered to this privilege may be withdrawn and appropriate sanctions as outlined in the Code of Behaviour will be imposed.

This Acceptable Use Policy applies to pupils who have access to and are users of Information Technology provided by St. Brigid's BNS.

This policy has been developed by a working group including: Principal, Deputy Principal, In-School Management Team, teachers, pupils, parents/carers, and representatives of the Board of Management.

## School's Strategy

The school employs a number of strategies in order to maximise learning opportunities and reduce risks associated with Information Technology. These strategies are as follows:

### General

- Internet sessions will always be supervised by a teacher.
- Students and teachers will be provided with training in the area of internet safety.
- Virus protection software will be used and updated on a regular basis.
- The use of personal memory sticks, CD-ROMS or other digital storage in school requires a teacher's permission.
- Students will treat each other with respect at all times and will not undertake any actions that may bring the school into disrepute.

It is important that parents/guardians and pupils are aware of our Anti-Bullying Policy in relation to social media and cyber bullying.

### Content Filtering

St. Brigid's BNS has chosen to implement the following level on content filtering on the Schools Broadband Network:

- Level 3: This level allows access to millions of websites including games but blocks YouTube, and blocks access to websites belonging to the personal website category and websites such as Facebook belonging to the Social Networking category.

Pupils taking steps to by-pass the content filter by using proxy sites or other means may be subject to disciplinary action, including written warnings, withdrawal of access privileges, detention and, in extreme cases, suspension or expulsion.

### **Web Browsing and Downloading**

- Pupils will not intentionally visit internet sites that contain obscene, illegal, hateful or otherwise objectionable materials.
- Pupils will report accidental accessing of inappropriate materials in the classroom to their teacher.

- Pupils will not download or view any material that is illegal, obscene, and defamatory or that is intended to annoy or intimidate another person.
- Use of file sharing and torrent sites is not allowed.
- Downloading by pupils of materials or images not relevant to their studies is not allowed.

- Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and will be dealt with, as appropriate, in accordance with the school's code of behaviour. However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

St. Brigid's BNS will deal with incidents that take place outside the school that impact on the wellbeing of pupils or staff under this policy and associated codes of behaviour and anti-bullying policies. In such cases St. Brigid's BNS will, where known, inform parents/carers of incidents of inappropriate online behaviour that take place out of school and impose the appropriate sanctions.

Should serious online safety incidents take place, the Principal should be informed.

Dear Parent/Guardian,

**Re: Internet Permission Form**

As part of the school's education programme we offer pupils supervised access to the Internet. This allows pupils access to a large array of online educational resources that we believe can greatly enhance the learning experience.

However, access to and use of the Internet requires responsibility on the part of the user and the school. These responsibilities are outlined in the school's Acceptable Use Policy – please see school website for Policy details [www.stbrigidsbns.ie](http://www.stbrigidsbns.ie). It is important that this policy is read carefully by students and parents and that the AUP Permission Form is accepted on Aladdin.

Although the school takes active steps to promote safe use of the Internet, it recognises the possibility that students may accidentally or deliberately access inappropriate or objectionable material.

The school respects each family's right to decide whether or not to allow their children access to the Internet as defined by the school's Acceptable Use Policy.

Having read the terms of our school's Acceptable Use Policy, you may like to take a moment to consider how the Internet is used in your own home, and see if there is any way you could make it safer for your own family.

Is mise le meas

I have read the Acceptable Use Policy and grant permission for my son or the child in my care to access the Internet. I understand that Internet access is intended for educational purposes. I also understand that every reasonable precaution has been taken by the school to provide for online safety but the school cannot be held responsible if students access unsuitable websites.

In relation to the school website/Seesaw/Aladdin/social media platforms, I accept that, if the school considers it appropriate, my child's schoolwork/group photographs/collages of individual photographs/video clips may be chosen for inclusion on the website/Seesaw/Aladdin/social media platforms. Photos of individually named children will not be published on the school website/Seesaw/Aladdin/social media platforms. I understand and accept the terms of the Acceptable Use Policy relating to publishing students' work on the school website/Seesaw/Aladdin/social media platforms.
